Conclusion open networking

Creative social entrepreneur, Danling Xiao, will contribute insights throughout the summit to engage and educate us all. We will also be joined by other experts who will activate body and mind.

We are committed to connection and the program may change or include live streamed content depending on COVID restrictions.

We would like to acknowledge that the land we meet on at the summit is the traditional lands for the Kaurna people and that we respect their spiritual relationship with their Country. We also acknowledge the Kaurna people as the traditional custodians of the Adelaide region and that their cultural and heritage beliefs are still as important to the living Kaurna people today.
