Conclusion and open networking

Our speakers are joined by two wonderful 'activators' – Danling Xiao and Annie Harvey. Their contributions will be revealed at the Summit.

We would like to acknowledge that the land we meet on at the summit is the traditional lands for the Kaurna people and that we respect their spiritual relationship with their Country. We also acknowledge the Kaurna people as the traditional custodians of the Adelaide region and that their cultural and heritage beliefs are still as important to the living Kaurna people today.

The Forktree Project

The Forktree Project involves restoring a 53ha former pastoral property on the Fleurieu Peninsula. We are 'rewilding' by planting native trees and other plants, creating valuable habitat for native flora and fauna. We are also sequestering tens of thousands of tonnes of CO₂ over the life of the project to help combat climate change.

Newday Leadership is proud to partner with the Forktree Project and look forward to the growth to come.
